Dear The Federal Communications Commission,

We are senior citizen on a very small fixed income. We pay 13.18 for residential service. An additional \$8.95 in taxes it charged monthly, of which \$7.60 is Federal taxes. The federal access charge was originally \$3.00. Now it is \$6.30. Please do not add more burden for those who just need a telephone in their house.

Under the flat fee or numbers-based plan you are considering, people like me who make few long distance calls would pay the same as people or businesses that make many calls. I believe it would be unfair to charge low-volume and residential customers the same fees as high-volume residential or business customers.

I urge you to keep the USF fair, and adopt the Fair Share Plan. Thank you, and best of luck in your new position.

Sincerely, Fernando and Cecelia Hahn1 Sierra Vista, AZ 85635
